Home-business Internet

A real business connection. Even when home is the base.

Start with genuine business use

Home-based sellers, tutors, consultants and service businesses may qualify after review. Remote work alone does not establish eligibility.

Keep the work in focus

Tell us about video calls, uploads, booking tools, payments and devices. We will review the connection and upload requirements for those tasks.

Confirm the exact address privately

We will check serviceability, current services at the address and the appropriate changeover. Do not disconnect an existing service before the order is confirmed.
